Why Exhibit at the 19th NAM?

Nearly 1000 of the world's leading scientists, chemists and engineers will gather at the 19th NAM to focus on original research and advancements in the broad use of catalysts in the petroleum, chemical, pharmaceutical, energy and environmental industries.

Exhibiting at the 19th NAM will put your company in front of customers and qualified prospects, from a variety of industries, that are often difficult for sales people to reach.

The 19th NAM recognizes the importance of industrial sponsors to the field of Catalysis and has made efforts to maximize the exposure of exhibits. The Exhibit Hall will be located adjacent to poster sessions and in close proximity to the Technical Meeting Rooms. Refreshments for Conference breaks and poster receptions will be located in the Exhibit Hall.

Additional Exhibitor Benefits:

- ▶ One full conference admittance to the 19th NAM Technical Program per booth space rented
- ▶ Exhibitor Program will be included in the 19th NAM Final Program and on the 19th NAM Conference web site
- ▶ Electronic copy of the attendee list is provided to each exhibiting company after the 19th NAM Conference
